

***INSTALLATION  
CLAIMANCY  
CONSOLIDATION***

# INITATIVES

Under the direction of the Chief of Naval Operations, the Navy is streamlining the management of the shore infrastructure. Regionalization efforts consolidate installation management functions in fleet concentration areas, identify opportunities to consolidate, realign, or eliminate redundant functions, activities or tenants.

The installation claimant consolidation effort will reduce the number of claimants in the installation management business.

# REF: CNO VISION (NAVOP 015/97)

- Reduced the number of Claimants responsible for Base Operating Support (BOS) from 18 to 8
  - ☛ CINCLANTFLT
  - ☛ NAVSEA
  - ☛ NAVEUR
  - ☛ CNET
  - ☛ CINCPACFLT
  - ☛ NAVAIR
  - ☛ RESFOR
  - ☛ CNO

# PROVIDING BASE OPERATING SUPPORT (BOS)

- The Old Way
  - ☛ Multiple service providers
  - ☛ Redundant capability
  - ☛ Duplicated infrastructure
  - ☛ Duplicated overhead
  - ☛ Outdated business practices
- The New Way
  - ☛ Single service provider
  - ☛ Efficient use of resources
  - ☛ Streamlined organization
  - ☛ Best business practices and new technology
